

# MANITOWISH WATERS ROAD DEPARTMENT

---

August 7, 2017

## JULY ROAD REPORT

Yes July has already arrived and we are in full swing of our summer season. It was also a perfect time to take a vacation week.

The grading and most shouldering of our town roads is complete to this point.

The mowing of the road sides/shoulders was started mid month.

A quote was sought for a new 10 foot sweeper broom and the cost would be \$12,668.

A list was compiled and submitted completing all crack sealing projects which would make us current.

Our Park's employee, Rick Wilson will no longer work full time due to him receiving a year round full time job offer. However he will still work on a limited part time basis as needed. Tom and I will handle all the garbage details.

For the Library we loaded up and delivered all the unsold books from it's book sale and took them to the Goodwill in Rhinelander.
