

Airport Operations Report: Jan. 2019 Final

- 1) Plowing operations in effect for January. Combined crew total was 59 hours.
- 2) All runway lights are operational. When winds diminish, blowing operations will commence to clear snow around lights, and piles next to approach, apron and hangar areas.
- 3) An electric tank heater was installed in the electronic gate enclosure next to the gear box to keep system running smoothly in cold weather. No problems have been encountered since installation two weeks ago.
- 4) Received fuel deliveries for both 100LL (8200g), and Diesel (1600g).
- 5) Tie Down Fees: Envelopes, Envelope holder, and signage will be posted to help assist pilots that there are tie down fees, and with envelopes, hopefully that will make it easier. Not done yet. In development.
- 6) On the morning of 1/31, the AWOS tower lights, and weather system was found to be inoperable. Checked breaker in terminal, and breakers in power panel out at the AWOS station. None of them were tripped. Tried resetting them without any results.

A NOTAM was created, and refined with FAA personnel to add the 118.375Mhz AWOS frequency.

I called Jim Lager of VAISALA and Jim blamed it on the extreme cold temperatures, and suggested that it may come back when temps warm up. This has happened elsewhere too. It would take several days for anyone to come and look at it.

I talked to Travis of DBT about the situation. He is in Canada, and will stop here on Monday 2/4. Travis thinks that changing some resistors will create more heat to keep system running in the future. He just finished that fix in Canada, and restored their operational status.

Airport Operations Report: Jan. 2019 Page 2

100LL :

Fuel Pump Odometer. Current: 166278.1
Previous: 166156.4
121.7 gal.

Current fuel price is: **\$4.59/ gal.**

Jan. Fuel sales: **121.75 gal. for \$558.83**

YTD Fuel sales: **121.75 gal. for \$558.83**
Approximately **9885 gallons** on hand.

Diesel:

Fuel Pump Odometer. Current: 71746.9
Previous: 71404.6
342.3 gal.

Airport Jan. Fuel used: **137 gal.**

Airport YTD Fuel used: **137 gal.**
Approximately **1582 gallons** on hand.

Terminal:

Airport credit card purchases: \$0 YTD: \$0
\$0 received in Courtesy Car Rental.
\$0 received in Tie down fees.

Airport Hours:

Combined Plow hours: 59 hrs.

Staff hours worked: 52.25 hrs.
Manager hours worked: 65 hrs.
Total hours: 117.25 hrs.
