

Airport Operations Report: June 2019

- 1) Weekly mowing operations in effect.
- 2) Tie Down Fees: Envelopes, Envelope holder, and signage will be posted to help assist pilots that there are tie down fees, and with envelopes, hopefully that will make it easier. Not done yet. In development.
- 3) There are 2 remaining hangars without a key in the key locker in the manager's office. Unanswered messages require hangar presidents to be notified. These hangars were not inspected during the Memorial Day Weekend inspection. These hangars require another inspection to be scheduled once access can be established.
- 4) The other inspection covering fire extinguishers was not performed and is being held off for partial access.
- 5) Young Eagles Event held on June 29th. Less attendance, but ran smoothly with the help of pilots, and volunteers.
- 6) Preparations are being made for new sprinkler system installation in early July timeframe around the terminal.
- 7) Work is in progress for new aprons in front of the 2 new hangars, and for paving of Taildragger Ln.
