

MANITOWISH WATERS ROAD DEPARTMENT

MAY ROAD REPORT

It has still been somewhat of wet month which has added to our already well saturated roads and brimming wetlands and waterways.

Prior to the paving of Marathon Rd., two 18 inch culverts need to be replaced.

The second phase of our three phase town road sign replacement project has been ✓ received. Installation is scheduled for early fall.

Road Limit signs and snowmobile crossing signs were taken down on 5/1.

The Koller Park Bathhouse, Playground bathroom and all port-o-potties have been made operational for the season.

Park picnic tables, bike racks and garbage cans have all been put out.

All town piers have been put in.

All town roads have been swept of winter's sanding applications.

Our new Parks employee Josh, has started on 5/15.

The buoys have been place in the chain.

The Water Patrol boat has been launched and put under cover.

A four by eight foot posting board that we built was installed at the Rest Lake boat landing.
