November 7, 2019

## OCTOBER ROAD REPORT

October has been one wet month with way too much rain. Hope it's not a sign of things to come.

The Powell Road/Marsh culvert has once again been completely flushed of beaver debris. Jeff Iverson of the Vilas beaver abatement program was very instrumental in that.

Buoys to the chain have been pulled on 10/9.

All Koller Park picnic tables, Town bike racks and garbage cans have been removed and put into storage.

The Playground and the Koller Park bathrooms have been drained, winterized and shutdown for the season. Also the Town port-o-potties have been winterized and locked.

All the Town's piers/docks have also been removed.

The Patrol Trucks have been outfitted with their winter equipment and are ready for the upcoming season.

The WISLR road inspection was preformed and submitted.
