

# MANITOWISH WATERS ROAD DEPARTMENT

June 9, 2020

## MAY ROAD REPORT

Received a little scare on 5/8, it started snowing! Fortunately as it hit the ground it was melting.

All winter equipment has been removed the trucks readying them for "summer" work.

All Town roads have been swept of winter's sand and debris.

All gravel roads have been graded once again.

Our John Deere tractor with it's newly installed boom arm mower attachment was received at our garage on 5/20.

The Koller Park and our Playground's bathrooms have been made operational.

All picnic tables, bike racks and garbage cans have been placed throughout the parks.

The Chain's buoys have been placed in on 5/21 along with Star Lake's swim buoys and floats.

The Police(Water Patrol) boat has been launched and it's shore station readied.

Due to the future pier project at Koller Park seven of the old pier sections have been removed.

At the Transfer Station a row of compost has reached maturity and has been relocated for distribution.
