

Airport Operations Report: July 2020

- 1) Mowing operations are in effect.
- 2) Rough Cut mowing operations was completed before heavy rains arrived. Many mowed areas now have standing water.
- 3) Scott Clendening works at the transfer station on weekends has been filling in at the airport during the week. Scott has been working hard removing old bushes. Scott quickly picked up operations of the zero turn mower and tractor with the fine cut mower attachment.
- 4) Walt's Petroleum made a trip to airport with the wrong overfill alarm replacement. The proper overfill alarm is on order.
- 5) There is a noticeable improvement with the application of fertilizer on the grass runway. Thanks to the Friends of the Airport for the donation to cover fertilizer costs.
- 6) Sand hill cranes continue to be a problem. Chased birds return several hours later. There was a recent bird strike with a plane. No damage to plane. One less crane in the area.
- 7) I contacted Howard Davis (Hal) who is the compliance officer at the WISC. BOA with regards to the FCC AWOS Freq. discrepancy.
Published freq: 118.375 Mhz
Licensed freq: 118.175 Mhz
Issue is outstanding.
- 8) Many hangar fire extinguishers have been updated for the 5lb to 10lb as well as their tags. There remains several hangars without a key/code access that need to inspected/updated. The fire inspector has also not been called to inspect the hangars this year. Issue is outstanding.
- 9) AWOS power issue is still outstanding with no scheduled days for repairs.
- 10) Adios...
